Information for the interviews

- The interview will be held in room 0M02 of the Physics Department “E. Pancini” of the Federico II University, Monte S. Angelo University Complex, Building 6, Via Cintia, Naples. The interview can be done remotely at the following link within the **ZOOM application**

<https://cern.zoom.us/j/8959788690?pwd=WjMwWjJyQVE3TmptT1ZuaXc3MmpuQT09>

Candidates who choose to take the interview remotely must communicate their choice at least 24 hours before the call via email to:

- ofelia.pisanti@unina.it
- valeriokevin.cortese@unina.it;

- the interview will last 25 minutes with the format already described in http://www.fisica.unina.it/en_GB/ammissione-dottorato.

The slides of the presentation (**max 3** in .pdf format) should be sent to:

- ofelia.pisanti@unina.it and
- massimo.dellapietra@unina.it

at least 60 minutes before the start of the session;

- candidates, either in presence or remotely, are requested to show their identification card (**in original**, no files) before starting the interview;

- the second part of the interview will be similar to an academic examination done in remote mode. The candidates should be able to eventually write text and show their answers to the examination board; therefore, they should be equipped with appropriate devices (e.g. tablets, camera focusing on paper or blackboard...) like for standard examinations during the pandemic period;
- to avoid technical problems (no connection, low quality for audio/video...) the candidates of each session should connect the previous day at 15:00 am CEST to perform a suitable test of the connection, with the exception for candidates convened on July 21st for which the test will be done on July 19th at 10:00 am CEST). If the test will not be done, any kind of problem in the connection during the interview will be attributable to the candidate.

For any other communication please contact ofelia.pisanti@unina.it
